**Thread Length:**

9.0 millimeters first end

**Overall Length:**

1.78 inches

**Overall Width:**

1.96 inches

**Product Name:**

Emi shielding brass cable glands

**Special Features:**

End item nsn: 6640-01-547-1760, petroleum quality analysis system; description: 20-26mm dia. Range; 47.5mm mounting hole clearance; 50mm wrench flats; pg36 thread type; materials: polyamide insert, neoprene seal

**Material:**

Copper alloy body

**Surface Treatment:**

Nickel body

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A049a0
