Thread Length:
9.0 millimeters first end
Overall Length:
1.78 inches
Overall Width:
1.96 inches
Product Name:
Emi shielding brass cable glands
Special Features:
End item nsn: 6640-01-547-1760, petroleum quality analysis system; description: 20-26mm dia. Range; 47.5mm mounting hole
clearance; 50mm wrench flats; pg36 thread type; materials: polyamide insert, neoprene seal
Material:
Copper alloy body
Surface Treatment:
Nickel body
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Fiig:
A049a0
