Overall Length:

1.67 inches

End Application:

4940-01-591-0265

Design Type:

Straight through

Product Name:

Plastic strain relief connector

Special Features:

The threads size is .75 npt. The color is black. The cable diameter range is .45 to .71 inches. The measurement across the flats of the hex nut is 0.97 inches.

Material:

Polyamide nylon

Material:

Plastic polyamide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T386-a
