Overall Width:

6.070 inches

Material Thickness:

0.125 inches

Base Outside Diameter:

0.75 inches

Product Name:

Shield, cable

Flexibility:

Rigid

Color:

Tan

Material:

Aluminum body

Material Specification:

Aluminum, 5086-h32, spec astm b 209, 0.125 inches thick assn standard all material responses and tube, aluminum, 5086-h32, round, specification astm b 210, 0.750 od x 0.65 wall. Assn standard all material responses body

Unpackaged Unit Weight:

0.47 pounds

Surface Treatment:

Painted body

Surface Treatment Specification:

Color tan 686a, color no, 33446 per fed-std-595 federal standard all treatment responses body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02000
