467.4 millimeters
Overall Height:
177.1 millimeters
Overall Width:
445.5 millimeters
Special Features:
Ac power supply; 18 slots; 16 of 18 are hybrid peripheral slots; 12 gb/s bandwidth; accepts 3u and compace pci modules; remote power
inhibit control and voltage monitoring; 925 w total available power; 100-240 v input voltage range; 47-63 hz; field-replaceable power
supply; 3 fans; 165 cfm cooling capacity per slot; auto/high fan selector; 0-55 degrees c operating and -40 to 70 degrees c storage
temperatures
Style Designator:
Closed ends and sides w/bottom plate
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A05500
