Material Thickness:

0.125 inches

First Center To Center Distance Between Mounting Holes:

4.250 inches

Second Center To Center Distance Between Mounting Holes:

5.375 inches

Body Length:

7.625 inches

Body Width:

6.625 inches

Inside Depth:

3.187 inches

Cover Attachment Method:

Screw

End Application:

Lv1001402

Product Name:

Enclosure

Special Features:

Material is f.R. Polyester fiberglass

Material:

Glass fiber

Style Designator:

Square-opposite corner tabs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A061a0
