Inside Diameter:

1.046 inches

Hazardous Locations/environmental Protection:

Watertight and corrosion resistant and acid resistant and oil resistant

Trade Size:

1.0

Outside Diameter:

1.302 inches

Length:

1200.0 inches

End Application:

7360-01-556-0596

Features Provided:

Rohs directive compliance

Product Name:

Liquidtight flexible non-metallic conduit

Material:

Plastic

Style Designator:

Plain conduit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
