### **Overall Length:**

1.300 inches

**End Application:** 

R20tmmasp-001

# Design Type:

Straight through

# Wire Quantity:

1

# Accommodated Conductor Type:

Insulated cable

### Separate Insulator Attachment Device:

Not provided

#### **Product Name:**

Miniature, liquidtight cord connector

## **Special Features:**

Is gray in color. Accomodates cords 0.135 to 0.200 inches in diameter. Is 0.25 inch npt hub size.

#### Material:

Plastic polyamide

# Shelf Life:

N/a

## Unit Of Measure:

---

#### **Demilitarization:**

No

### Fiig:

T386-a
