Thread Direction:

Right-hand

Overall Thickness:

0.148 inches

End Application:

Threat emitter

Drive Type:

Hexagon

Width Across Flats:

0.940 inches

Conduit Size Accommodated:

0.50 inches

Thread Type:

Straight

Special Features:

The threads are npt. Has cutting edges to insure grounding.

Material:

Copper alloy

Surface Treatment:

Nickel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T390-a
