Overall Length:

108.0 inches

Section Quantity:

3

Wire Termination Type:

Terminal lug with hole

Terminal Lug Slot Minimum Width:

0.50 inches

Terminal Lug Hole Minimum Diameter:

0.2813 inches

Point Shape:

Conical

End Application:

Mobile unit

Product Name:

Rods, ground (with attachment)

Diameter:

0.6250 inches

Material:

Steel comp 1018

Surface Treatment:

Copper

Style Designator:

Sectional

Supplementary Features:

Hardness: rockwell b 90 to 100 with copper cladding of not less than 0.010 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02500
