Inside Diameter:

Between 1.020 inches and 1.069 inches

Outside Diameter:

Between 1.251 inches and 1.304 inches

Length:

600.0 inches

End Application:

2355-01-567-4930

Special Features:

Is black with a gray stripe and has a slit. Temperature range is minus 40.0 degrees to 300.0 degrees fahrenheit.

Material:

Plastic polyamide

Style Designator:

Flexible conduit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
