**Body Style:**

Rectangular commutator

**Width:**

0.250 inches

**Thickness:**

0.156 inches

**Length:**

0.438 inches

**Contact Face Style:**

Concave

**Material:**

Metal graphite

**Material Specification:**

Morganite inc, gr c-5h mfr ref single material response

**Style Designator:**

One piece

**Reference Number Differentiating Characteristics:**

As differentiated by the optional markings

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A01500
