Body Style:

Rectangular commutator

Width:

0.750 inches

Thickness:

0.438 inches

Length:

1.250 inches

Contact Face Style:

Flat

Material:

Electrographitic

Material Specification:

Helwig carbon products inc, grade 345 mfr ref single material response

Style Designator:

One piece

Terminal Type And Quantity:

1 straight w/hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01500
