Overall Diameter:

17.960 inches

Usage Design:

For deicing propeller blades

Mounting Configuration:

12, no 10. Studs equally spaced on 17.58 in. Diameter mtg ctr

Special Features:

1.6 in. Thk; 1 pkg per box

Material:

Copper

Material:

Copper

Shape:

Cylindrical

Surface Treatment:

Varnish

Fsc Application Data:

Var pitch aircraft propeller

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T321-a
