**Overall Diameter:**

17.960 inches

**Usage Design:**

For deicing propeller blades

**Mounting Configuration:**

12, no 10. Studs equally spaced on 17.58 in. Diameter mtg ctr

**Special Features:**

1.6 in. Thk; 1 pkg per box

**Material:**

Copper

**Material:**

Copper

**Shape:**

Cylindrical

**Surface Treatment:**

Varnish

**Fsc Application Data:**

Var pitch aircraft propeller

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T321-a
