Inside Diameter:

Between 10.495 inches and 10.500 inches

Overall Depth:

Between 0.370 inches and 0.374 inches

Outside Diameter:

Between 10.775 inches and 10.800 inches

End Application:

Radar set, an/fps-6a

Mounting Configuration:

Friction mtd

Material:

Silver, coin

Material:

Silver, coin

Shape:

Disk

Supplementary Features:

Provides elec contact for antenna subassy

Fsc Application Data:

Nonairborne radar set exc fc and gm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T321-a
