Overall Length:

0.406 inches

Overall Diameter:

0.656 inches

Mounting Configuration:

Friction mtd

Special Features:

Silver and palladium fin; p/o jetds radar id set type an/apx-6; for electron tube

Material:

Copper alloy

Material:

Copper alloy

Precious Material And Location:

Surface silver and surface palladium

Precious Material:

Silver and palladium

Shape:

Cylindrical

Fsc Application Data:

Radar sets

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T321-a
