**Beam Thickness:**

0.007 inches

**Special Features:**

Two mtg holes 0.250 in. Dia

**Material:**

Carbon

**Material Specification:**

Contact technologies grade sm-340 mfr ref single material response

**Style Designator:**

Double beam cantilever

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A01500
