Membrane Electrode Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5977-01-567-4988

Special Features:

No

Core component of a fuel cell; consists of electrolyte membrane, anode and cathode catalysts and gas diffusion layers; nafion nre21
membrane; cathode 1mg pt/cm2, anode 1 mg/pt/cm2; gdl carbon paper; electrode size 25 sq. Cm.
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
