Overall Length:

0.555 inches

Overall Height:

0.510 inches

Overall Width:

0.300 inches

Voltage Rating In Volts Per Characteristic:

3.0 forward voltage, dc

Current Rating Per Characteristic:

25.00 milliamperes source cutoff current preset

Maximum Operating Temperature Per Measurement Point:

85.0 degrees celsius junction

Precious Material And Location:

Terminals gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A110a0
