**Storage Temperature Range:**

-40.0/+100.0 degrees celsius

**General Description:**

Source and sensor assembly; source reverse voltage 3 v, sensor collector-emitter voltage 30 v, sensor collector-emitter voltage 5 v; sensor continuous dissipation 50 mw; source continuous forward current 100 ma; 0.500 in. Lg; 0.425 in. W; 0.250 in. H; 4 lead type terminals

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
