Overall Length:

1.090 inches

Overall Height:

0.290 inches

Overall Width:

0.786 inches

Special Features:

Semiconductor material-gallium arsenide phosphide; mounting method-terminal; color-red; operating temp-85.0 degrees celsius ambient air

Terminal Type And Quantity:

16 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A504q0
