Major Components:

Light emitting diode 2; t-1 3/4 pcb mount 2

Special Features:

Pch200-br5v mtd on top of pcl200-br5v; red diffused led with built-in resistor for 5 volt operation; forward current is 10.0 ma and the brightness is 4 mcd

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T01200
