Light Emitting Diode - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5980-01-300-4154

Overall Length:
0.625 inches

End Application:

Overall Width: 0.285 inches

An/sqq-89 v unit 603, printer plotter

Power Rating Per Characteristic:

120.0 milliwatts any acceptable of standard range

Color Tone Produced Per Source:

Green semiconductor

Maximum Operating Tempurature Per Measurement Point:

100.0 degrees celsius ambient air

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A110a0
