NSN 5980-01-353-4169

Light Emitting Diode - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5980-01-353-4169

Inclosure Material:
Plastic
Semiconductor Material:
Gallium arsenide phosphide
Voltage Rating In Volts Per Characteristic:
5.0 reverse voltage, average
Current Rating Per Characteristic:
60.00 milliamperes forward current, average preset
Color Tone Produced Per Source:
Yellow semiconductor
Luminous Intensity:
1.5 microcandela
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A110a0
