Light Emitting Diode - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5980-01-426-8289

Overall Length:
0.550 inches
Mounting Method:
Terminal
Field Force Effect Type:
Electrostatic charge
Semiconductor Material:
Gallium phosphide
Color Tone Produced Per Source:
Yellow semiconductor
Terminal Type And Quantity:
2 pin
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A110a0
