End Application:

2320-01-371-9583

Color Tone Produced Per Source:

Green lens

Maximum Operating Temperature Per Measurement Point:

80.0 degrees celsius ambient air

Special Features:

Light emitting diode assembly including lens

Specification Data:

19207-57k3238 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A110a0
