Light Emitting Diode - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5980-01-438-8939

End Application:
2320-01-371-9583
Color Tone Produced Per Source:
Green lens
Maximum Operating Tempurature Per Measurement Point:
80.0 degrees celsius ambient air
Special Features:
Lighe emitting diode assembly including lens
Specification Data:
19207-57k3238 government specification
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:

A110a0
