Overall Length:

1.140 inches

Overall Diameter:

0.030 inches

Lens Transparency:

Transparent

End Application:

F-15i lantirn

Mounting Method:

Terminal

Color Tone Produced Per Source:

White lens

Special Features:

120vac; housing, black nylon; solid state; built-in current limiting resistor; low current-power savings; flat lens, fluted style

Terminal Type And Quantity:

2 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A110a0
