**Inclosure Material:**

Plastic

**Overall Length:**

14.000 inches

**End Application:**

Vmec mcap assembly 0205882-200

**Mounting Method:**

Terminal and press fit

**Color Tone Produced Per Source:**

Green semiconductor

**Product Name:**

Led panel mount indicator

**Special Features:**

0.156 inch diameter mounting hole, snap in mounting for the diffused led; item has 14 inch wire leads

**Terminal Type And Quantity:**

1 tab w/wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A110a0
