Inclosure Material:

Plastic

Overall Length:

14.000 inches

End Application:

Vmec mcap assembly 0205882-200

Mounting Method:

Terminal and press fit

Color Tone Produced Per Source:

Green semiconductor

Product Name:

Led panel mount indicator

Special Features:

0.156 inch diameter mounting hole, snap in mounting for the diffused led; item has 14 inch wire leads

Terminal Type And Quantity:

1 tab w/wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A110a0
