Light Emitting Diode - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5980-01-515-9933

Overall Length:
0.650 inches
Overall Diameter:
0.240 inches
Color Tone Produced Per Source:
White semiconductor
Special Features:
Name of the led color in the mfg catalog is cool white, this led is bipolar with ac/dc voltage at 28 volts.
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A110a0
