**Overall Length:**

4.500 inches

**Overall Height:**

2.700 inches

**Overall Width:**

3.500 inches

**End Application:**

Mv103acs (72197), compass, digital magnetic f/gate mv. Mv103dg (72197). Magnetic compass, digital, flux gate mv103ac

**Character Type:**

Numeric

**Display Type:**

Light emitting diode

**Special Features:**

Weight: 17 oz, mean time between failure: 105542 hours, part name assigned by controlling agency: led main display

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A504q0
