Overall Length:
1.100 inches
Overall Diameter:
0.400 inches
Mounting Method:
Terminal
Color Tone Produced Per Source:
White semiconductor
Luminous Intensity:
700.0 millicandela
Product Name:
T3-1/4, 9 mm, miniature based led lamps, 8000 k cool while sic/gan
Special Features:
120.0 vac; current 10.0 ma; illumination angle 120 deg; center contact polarity ac only
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A110a0
