Overall Length:

1.100 inches

Overall Diameter:

0.400 inches

Mounting Method:

Terminal

Color Tone Produced Per Source:

White semiconductor

Luminous Intensity:

700.0 millicandela

Product Name:

T3-1/4, 9 mm, miniature based led lamps, 8000 k cool white sic/gan

Special Features:

120.0 vac; current 10.0 ma; illumination angle 120 deg; center contact polarity ac only

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
