Inclosure Material:

Glass and metal

Mounting Facility Quantity:

1

Mounting Method:

Threaded stud

Color Tone Produced Per Source:

Green semiconductor

Luminous Intensity:

50.0 microcandela

Product Name:

Indicator lamp, green

Special Features:

Sunlight viewable; emi shielded; flying lead terminations, 30cm in length

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
