**Inclosure Material:**

Glass and metal

**Mounting Facility Quantity:**

1

**Mounting Method:**

Threaded stud

**Color Tone Produced Per Source:**

Green semiconductor

**Luminous Intensity:**

50.0 microcandela

**Product Name:**

Indicator lamp, green

**Special Features:**

Sunlight viewable; emi shielded; flying lead terminations, 30cm in length

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
