Voltage Rating In Volts Per Characteristic:

1.90 forward voltage, average

Product Name:

Panel and lamp body sealed, convex lens

Special Features:

Color red, reverse voltage 5, cap 6.5 mm, body 19.5mm, terminations 8mm to 11mm long (red and white), viewing angle 60 degrees.

Single chip led lens type clear. Forward voltage 20, currluminous intensi type 1200

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
