Inclosure Material:	
Plastic	
End Application:	
Cp-2668/sps-74 (v), ra	dar data processor
Current Rating Per Ch	aracteristic:
15.00 milliamperes for	vard current, average
Product Name:	
Led, red	
Special Features:	
Series 610; red led 10r	nm mounting hole indicator; single color; mounting method is with lock washer and nut; compliancy is front of panel;
termination is solder bl	ade; mounting hole size 0.406in; panel thickness 0.236; lens style is round; lens material polycarbonate; luminous
intensity typical is 60; \	roltage 2vdc
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	
No	
Fiig:
