Inclosure Material:

Plastic

End Application:

Cp-2668/sps-74 (v), radar data processor

Current Rating Per Characteristic:

15.00 milliamperes forward current, average

Product Name:

Led, red

Special Features:

Series 610; red led 10mm mounting hole indicator; single color; mounting method is with lock washer and nut; compliancy is front of panel; termination is solder blade; mounting hole size 0.406in; panel thickness 0.236; lens style is round; lens material polycarbonate; luminous intensity typical is 60; voltage 2vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
