Overall Height:

7.110 millimeters

Overall Width:

4.320 millimeters

Product Name:

Led circuit board indicator .200" high led centerline

Special Features:

Color green, reverse polarity option 1) cathode left; peak wave 563 (nm), volts 2. (vf), test current (ma) .

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
