**Overall Height:**

7.110 millimeters

**Overall Width:**

4.320 millimeters

**Product Name:**

Led circuit board indicator .200" high led centerline

**Special Features:**

Color green, reverse polarity option 1) cathode left; peak wave 563 (nm), volts 2. (vf), test current (ma) .

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
