Overall Height:
7.110 millimeters
Overall Width:
4.320 millimeters
Product Name:
Led circuit board indicator .200" high led centerline
Special Features:
Color green, reverse polarity option 1) cathode left; peak wave 563 (nm), volts 2. (vf), test current (ma) .
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
