Light Emitting Diode - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5980-01-583-0314

**Overall Length:** 

0.625 inches

**End Application:** 

C-5 amp

### Mounting Method:

Press fit

#### **Current Rating Per Characteristic:**

10.00 milliamperes base current, dc

**Color Tone Produced Per Source:** 

Green semiconductor

Luminous Intensity:

10.0 millicandela

#### **Special Features:**

F14inch long wire leads

Shelf Life:

N/a

Unit Of Measure:

## Demilitarization:

No

---

#### Fiig:

A110a0
