| Function For Which Designed: |
| Visible light emitting |
| End Application: |
| Boat, riverin |
| Voltage Rating In Volts Per Characteristic: |
| 24.0 on-state voltage, dc |
| Color Tone Produced Per Source: |
| Green lens |
| Product Name: |
| Light, indicator |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| |
| Demilitarization: |
| No |
| Fiig: |
| A110a0 |
