Overall Diameter:

8.0 millimeters

Lens Transparency:

Transparent

Mounting Method:

Terminal

Voltage Rating In Volts Per Characteristic:

5.0 on-state voltage, dc

Color Tone Produced Per Source:

Red semiconductor

Product Name:

Relampable panel led

Special Features:

Rear mounting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
