**Product Name:**

Photoelectric thru-beam receiver

**Special Features:**

Sensing range-metric - 5m; sensing range - standard - 15ft; voltage: 10 to 30 vdc; output mode-light/dark operate; output configuration - pnp; connection type: connector, 4-pin euro; connection size - m12x1; material: nickel plated brass;

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T386-a
