Product Name:

Photoelectric thru-beam receiver

Special Features:

Sensing range-metric - 5m; sensing range - standard - 15ft; voltage: 10 to 30 vdc; output mode-light/dark operate; output configuration - pnp; connection type: connector, 4-pin euro; connection size - m12x1; material: nickel plated brass;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T386-a
