Overall Length:

7.318 inches

Overall Height:

0.655 inches

Overall Width:

5.406 inches

Component Type And Quantity:

1 printed wiring board and 1 connector and 2 ejector and 1 resistor

Special Features:

Mounting configuration: connector and rack mtd; fsc application data: antenna pedestal subassembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
