**Overall Length:**

7.318 inches

**Overall Height:**

0.655 inches

**Overall Width:**

5.406 inches

**Component Type And Quantity:**

1 printed wiring board and 1 connector and 2 ejector and 1 resistor

**Special Features:**

Mounting configuration: connector and rack mtd; fsc application data: antenna pedestal subassembly

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A51110
